

Yashmita Tomar

Business Analyst

About Me

Business Analytics professional with 4+ years of experience in data analysis, dashboard development, CRM implementation, and business process improvement. Skilled in transforming data into actionable insights through dashboards, reporting, and stakeholder collaboration. Currently driving business analytics initiatives at HORIBA, supporting Salesforce and LIMS implementation.

Work Experience

Business Analytics - Senior Executive

2025 - Current

ORIBA

Design interactive dashboards and analytical reports to monitor business performance and support strategic decision-making.

- Analyze sales and operational data to identify trends, opportunities, and business insights.
- Create executive presentations (PPTs) for management reviews and business updates.
- Lead business-side activities for Salesforce CRM implementation, including requirement gathering, UAT, process validation, and stakeholder coordination.
- Successfully managed the Customer Experience Survey campaign, achieving the highest customer response rate.
- Contribute to the Laboratory Information Management System (LIMS) implementation project by documenting business requirements and supporting process improvements.
- Collaborate with cross-functional teams including Sales, Service, Marketing, and IT to drive digital transformation initiatives.

2024 - 2025

Jr. Manager – Operations (Promoted from Management Trainee)

FIITJEE eSchool

- Managed operational reporting and analyzed academic and business performance data to support decision-making.
- Developed reports and dashboards to track attendance, faculty performance, student progress, and key operational metrics.
- Cleaned, validated, and maintained large datasets and databases, ensuring data accuracy and reliability.
- Generated management reports and collaborated with cross-functional teams to improve reporting efficiency and business processes.
